

## Thomaston Police Department

Town of Thomaston

Quarterly report:

The department to date from January 1, 2023 until April 2, 2023 has handled 1150 calls thus far, the department has been active now that we are fully staffed with coverage 24 hours per day, 7 days per week. The department handled 400 more calls this year at this point, more than any other year previous.

We have also been able to send officers to school; Officer Leonardi has completed the field training officer school, search warrant writing school and a civil rights officer class.

Sgt. Hansen has been able to complete a Harbor master school.

There are other classes officers are waiting to attend.

We are currently on a waiting list for our next electric cruiser; our current electric cruiser has been working well, even in the extremely cold weather.

We have just recently received new body cameras, which are digitally stored in the cloud. This now eliminates the need to put video on disks, saving money and time.

We will be putting out our mobile speed sign in the next week or so depending if we are truly past winter.

As always, thank you for your support and if you have any questions or concerns please feel free to stop in or call.

Sincerely,

Tim Hoppe

Chief of Police

13 Valley Street, Thomaston, Maine 04861
