Town of Thomaston Code Enforcement Officer

<p>Planning Board</p>	<ul style="list-style-type: none"> ● Second Review of 18-unit housing on Clark St was approved, waiting on funding to begin project – Have not been in contact recently -have requested information on the lot as of 9/15/25 – funding approved, things should begin Spring 2026 ● Clark St Dev Properties project (see above) visiting Planning Board on 12/16/25 to review slight changes to previously proposed plan. These changes were accepted. Plans for changes reviewed by Pollution Control, Code, FD and approved. ● Site Plan review of another possible development on Clark St coming in May – this was approved preliminarily – Site Plan review was completed, site walk done in November, PBR has come through for the project as of 11/25/25 ● Project request for Floodplain abatement coming to the Planning Board in January for 82 Water St, property of Mr. and Mrs. Tishman. This flood mitigation project was approved 1/20/26, Work to begin soon.
<p>Updates</p>	<ul style="list-style-type: none"> ● Created working documents to track and compile 2025-2026 Ordinance Updates, have gotten several requests from different departments as of writing this update. Have received requests for new and updated ordinances from the Public Works Department and the Fire Department. Ordinances are being written currently. The ordinances are coming along and will be worked on until March deadline. ● Ordinances completed ahead of schedule, sent to Public Notice 2/12/26 with Warrant Language and changes. ● Short Term Rental Applications continue to be returned, almost at capacity for 20 (have 18 slots filled) unoccupied rentals at this time. Have done a review of the websites and reached out to people renting but not registered. Will be sending renewal letters for 2026 in March and April. ● Working with Dirigo Spatial to create a town map that shows setbacks from ordinances and other useful code information - Ongoing ● Having updated the code permitting system to use ReTool, a final new version has recently been completed, and will be upgraded to a different system TBD ● Legislation for affordable housing that was signed into effect by Gov. Mills will be active in September 2025, this will affect the town ordinance, and many updates will be required. This will be dealt with in Planning Board ordinance workshops throughout fall/winter, along with other additional updates, mandated to be in ordinance by 2027. Code Officer is attending as many training opportunities as available to ensure a smooth transition into the new rules. ● The Quirk Dealership has completed a Preliminary Site Plan approval with the Planning Board. They will be moving forward with a second review in the coming months for the development of a lot and building on Route 1. Has opened permits with DEP and MDOT. No open permits with the Town until final Site Plan Review. ● Higher Vibes has relocated to the Shepard lot in the old Siren Song space. ● My office has received a lot of inquiries about the Cranesport LLC lot behind Walmart. Nothing to report currently.
<p>Areas/questions for discussion:</p>	<p>Land Use Ordinance in current review with Planning Board – Completed in February, warrants are in the review process.</p>
